Evaluation Methods Used:

Talis Aspire was last manually audited on the 24th of September 2021.

In 2020 a high-level audit was performed by AbilityNet. Subsequently, more detailed testing was performed in-house by Talis following training of our staff by AbilityNet.

To test the site for this report, we used Microsoft's *Accessibility Insights for Web* and Deque's *Axe DevTools* extensions to detect violations on each page. We then evaluated key workflows with assistive technologies.
